Dear Sir/Madam,

Good day. I am writing to express my interest in completing my On-the-Job Training under the Department of Education. My name is **Mark James G. Pisngot**, a **BS Information Technology** student from **Bestlink College of the Philippines**, and I am currently seeking a training environment where I can develop my skills and gain meaningful professional experience.

As I advance in my studies, I am eager to broaden my knowledge beyond the classroom and apply what I have learned in a real-world setting. I believe that DepEd, being one of the largest and most structured government institutions, offers a valuable opportunity for learning especially in areas related to information systems, data handling, and office operations. Training in your office would allow me to understand how technology supports the educational system and how digital tools help improve public service.

I consider myself a dedicated learner with a strong willingness to take on new responsibilities. I am familiar with basic programming concepts, computer troubleshooting, and various software applications, and I am confident that my abilities will steadily improve with proper guidance and exposure. I am committed to performing tasks responsibly and maintaining professionalism throughout the duration of my training.

I would be honored if you could consider my application for OJT placement. Attached are my résumé and other requirements for your evaluation. Should you need further information, please feel free to reach me at your convenience.

Thank you for taking the time to review my application. I sincerely hope to have the chance to train under your office and contribute in any way I can.

Respectfully,

Mark James G. Pisngot
